

# SP SPORT 7000D

- 1. Feature:** A modern directional tread pattern design.  
**Benefit:** Offers ultra-high performance capabilities through increased directional stability.
- 2. Feature:** High tech polymer compound.  
**Benefit:** The tyre performs superbly in extreme operating conditions such as high ambient temperatures and where extreme handling is required.
- 3. Feature:** Designed to rotate in one direction only.  
**Benefit:** Performance, wet grip, directional stability and handling is optimised.
- 4. Feature:** High quality casing and compound technology.  
**Benefit:** Superb response and handling at high speeds. South Africa's fastest standard production tyre.
- 5. Feature:** 17" and 18" contains silica.  
**Benefit:** Silica compounding reduces rolling resistance making it more fuel efficient.
